

Unit 4: Keeping Research Participants Safe

Topic 4.1: Risks and Safeguards

Main ideas

- It is **important to keep people safe** in research.
- Researchers have to **balance the good (benefits)** and **bad (harms or risks)** things that can happen to people when they are in research.

- Every research study has **different good** and **bad things** that can happen.
- The **good** and **bad things** might also be **different for different people** in a research study

- **Safeguards** are the things researchers do or use to **keep people safe** when they are in research.
