

Putting it into Action: Being Clear

You are doing a research study that will ask people to do **4 interviews over 4 months**. You **worry** some **people will be sad** about the **study ending** and not getting to talk to you anymore. **Practice explaining how many times you will see participants** during the study and **what will happen when the study ends**.

Write a script to help you talk to the participant. Explain:

- **How many times** you will **see each** other while you are doing the interviews
- **What will happen when** you are **done** doing the interviews:
 - You will **probably not see each** other after the interviews end.
 - What will you do with the information they shared with you?
- Think about **how** you will **say goodbye** in a way that makes them feel like you will not forget about them.
- Explain what will happen if you see each other in the community. Remember everything you learned about keeping people's information private and confidential.

Putting it into Action: Being Clear

Write your script to talk to the participant about the study ending.
